

THANK

YOU

*so much*

To all the volunteers, teachers, parents and children.

In July my friend and I were staying the Lindos Mare hotel, Vlichia, when we were evacuated due to the wildfires. We went to your school where we were accommodated in your school hall for two nights. Within minutes of our arrival you supplied us with water and food.

Later came mattresses and inflatable beds. You were beyond amazing. We are very, very grateful. Thank you! We were very sad to hear of the devastation that the fires caused to your beautiful

island. My friend and I love Rhodes and we will  
be back.

We pray that there will be no further fires  
and that the environment and wildlife will recover.

With deepest gratitude,

Pauline Giddings and Heather Pearce.
